3.2.1 Additional Information

The institute has created a well-established ecosystem for promoting innovations among its students and faculty members. GITAM has assimilated the culture of innovative practices through the Institute Innovation Council, Entrepreneurship Development Cell, Research and Promotion Initiatives, Centers of Excellence, etc., to create and transfer new knowledge. Some of the institutional activities in this area are briefly described below.

(1) Institute Innovation Council

The Ganga Institute of Technology & Management has established Institute Innovation Council (IIC) as per the norms specified by innovation cell, MHRD to promote innovation and start-up at institutions.

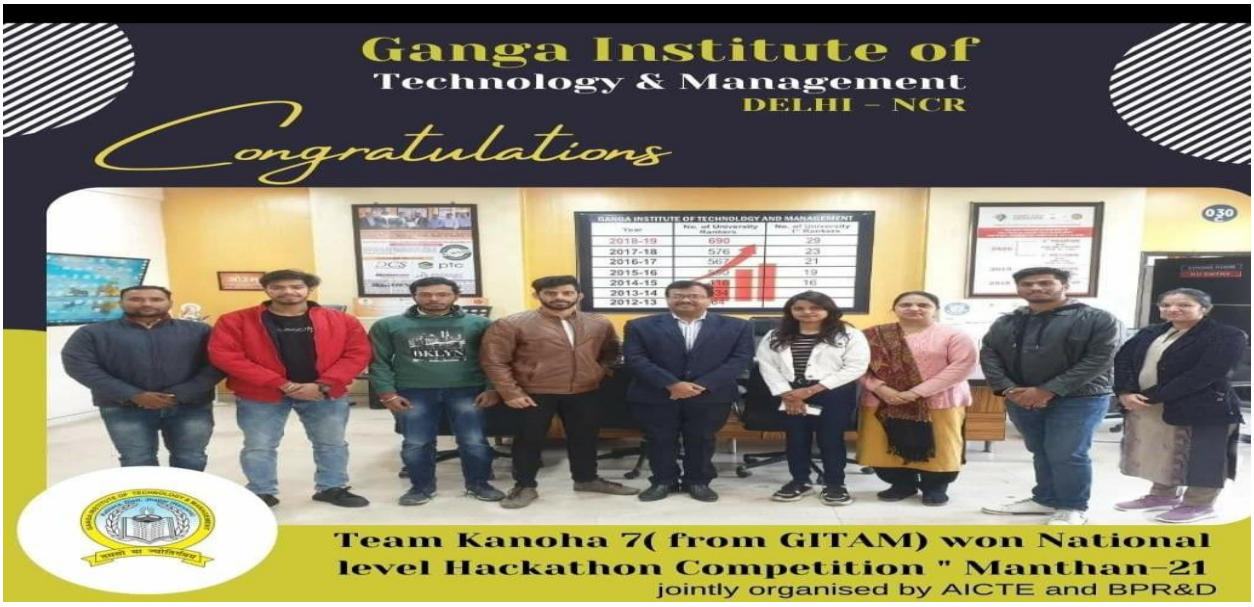

(2) Smart India Hackathon (SIH)

GITAM is one of the best colleges in Delhi-NCR and the institute's primary focus is for grooming, nourishing, and nurturing the students to achieve their dreams. The problem is given to the students, and with the help of brainstorming techniques, they come up with the solution and idea at Smart India Hackathon. It is an excellent achievement for GITAM to maintain its first position consecutively for the past three years. From the beginning of the Hackathon event, GITAM's students have participated with great enthusiasm and always performed their best.
In 2018, the institute team was 1st runner-up, and in 2019, our institute team created history and got the 1st position among all the teams. By following last year's winning teams footsteps in 2020, two teams from our institute bagged the first position. In 2021, Hackathon with the name 'Manthan' was organized, and our institute team “Konoha-7” got 1st position, and GITAM's achievement made headlines of newspapers.

(3) Entrepreneurship Development Cell

Entrepreneurship Development Cell has organized numerous Workshops and Seminars to promote the ecosystem of innovation. The ED cell has undertaken several significant initiatives to support the Entrepreneurial and Managerial Development of SMEs through Incubators. The seminar on different aspects of IPRs and Entrepreneurs was organized in 2018, 2019, and 2020 for students and faculty.

(4) Centers of Excellence

GITAM mainly focuses on polishing students' Technical and Behavioral Skills. It also works to boost the confidence of the students to become successful entrepreneurs in the future. As it is important to fill the gap between the need of the industry and the student's skill set, GITAM is establishing a great path for the students with the help of top corporate for providing an ideal platform to blend and understand the theoretical aspects with the industrial trends and patterns.

(5) Research & Promotion Initiative

Our institute has organized National and International level Workshops, Seminars, and Conferences for the students as well as faculty members for the overall growth and development in all aspects i.e., Social, Economic, Technical, and Professional spheres of life. The National and International Conferences are organized by GITAM every year. Recently, in the current session on 29th January 2022, a Virtual International Conference was organized and selected papers were presented by Research Scholars and Academicians from leading universities/colleges across India. The pics of the organized conferences are:
