ACTIVITY REPORT

Dated: 15/08/2019

ACTIVITY DETAILS: Tree Plantation

PARTICIPANTS: 28 Students and 5 faculty.

Institute organized a "**Tree Plantation"** Programme in college campus on 15-08-2019. The main objective of the programme was to create awareness among the students about the importance of planting. Director GITAM, Prof. (Dr.) Aman Aggarwal enlightened the students with his words. He told that we all need oxygen to live and trees are the foremost source of oxygen and they help to reduce the level of CO_2. As we all know that the whole world is facing the problem of global warming and climate change, planting trees can help us improve the situation. The students planted saplings, fenced them and watered the plants. There was a huge enthusiasm among the teachers and the students for the programme.

ACTIVITY DETAILS: Awareness programme on "Side Effects of Mobile Radiation on Human Bodies" in Govt Sr. Sec. School Dulhera and Daboda Village under Unnat Bharat Abhiyaan.

PARTICIPANTS: 67 Students and 6 faculty of ECE Department Participated.

Department of Electronics and Communication Engineering organized an Awareness programme regarding **"Side Effects of Mobile Radiation on Human Bodies"** in Govt Sr. Sec. School Dulhera and Daboda Village under Unnat Bharat Abhiyaan. The main purpose of this programme was to enlighten students, staff and other people about the side effects of Mobile Radiations on Human bodies.

The coordinator and student volunteers informed the people about the hazardous effects of tower radiations on brain, hearts and reproductive organs. Many diseases arises like headache, depression, brain tumor, infertility, muscles pain, cancer etc. are caused due to radiation.

They were also apprised about the ways to minimize the effect of mobile radiation

- By using good quality of ear phones
- Avoiding body contact
- Using Speaker Mode or a wired headset
- Calling for a short time
- Avoiding/Limiting cell phone use time.
- Avoiding use when the signal is low.

People were made aware to check the SAR (Specific Absorption Rate) of their mobile by dialing a code *#07#. Thereafter, Head of the department Dr. Rakesh Joon delivered a lecture and thanked the school authorities for allowing them to conduct such programme.

ACTIVITY DETAILS: Awareness programme on "Side Effects of Plastic Usage" in Village Dulhera under Unnat Bharat Abhiyaan.

PARTICIPANTS: 94 Students and faculty of ECE Department.

Department of Electronics and Communication Engineering organized an Awareness programme on **"Side Effects of Plastic Usage"** in **village Dulhera** under **Unnat Bharat Abhiyaan.** The main objective of this campaign was to make students and people aware of the harmful effects of plastic on environment, human beings and animals.

Dr. Rakesh Joon, HOD also enlightened the people about drawbacks of the use of poly-bags and briefed about their hazardous effects. He also suggested that instead of plastic bags, people must use bags made of clothes, paper and jute. Students took out a rally carrying placards with various slogans in the surrounding area. The people were made aware that plastics do not undergo degradation, thus, stay in the soil for many years, which affects the soil fertility and degrades the soil quality. When plastic artifacts enter the drainage and sewerage system, they block the pipes and the drains causing water logging.

There was great enthusiasm among students, faculty and the people of the village. The HOD appreciated the students and faculty member for the efforts made by them.

ACTIVITY DETAILS: TREE PLANTATION

PARTICIPANTS: 78 Students and 10 faculty members.

Department of Fire Technology and Safety Engineering organized a **"Tree Plantation Programme in college campus."** on 20/02/2020. The campaign's main aim was to direct students' mind in constructive activities with the positive outcome through the facilitation of contributing to the society. The students brought various saplings and participated in the drive enthusiastically by helping each other in planting the saplings. All the saplings were planted in the college ground by teaching, nonteaching staff and students. The students along with the teachers also took an oath to look after the planted saplings, plant more and more trees and encourage others to do the same. Some of the students also shared their experiences and shared their joy with others.
