MESSAGE

I am extremely pleased to note that AICTE has taken strong measures to improve quality of technical education in the country. AICTE prepared the model curriculum of various disciplines of Undergraduate & Postgraduate degree courses in Engineering & Technology which was released on 24th January, 2018. I am happy to note that this is being adopted by the Institutions / Universities in the country from the academic year 2018-19 onwards. As a step forward, it is commendable that AICTE has done an impressive task of compiling 'List of suggested books of Indian Authors' for Undergraduate & Postgraduate degree courses in Engineering & Technology for helping students and teachers.

I congratulate the Chairman and his team at AICTE for such a thoughtful initiative of promoting Indian books by our own Indian Authors. It is a much deserved recognition for our Indian Authors which will definitely accelerate and encourage Indian Authors to write quality books. Our students should take advantage of wealth of information about books.

Looking forward towards more such quality initiatives by AICTE and best wishes for future endeavours.

(PRAKASH JAVADEKAR)
