# Chairman's Desk

**Dr. Sushil Gupta**  
Chairman, GGI

I am pleased to note the release of GITAM's vibrant Information Brochure for the Academic Year 2026–27, reflecting the institute's dynamic academic ecosystem. I congratulate the Director, Editorial Board, faculty, and staff for their dedicated efforts in presenting this comprehensive document.

At GITAM, we remain deeply committed to holistic student development through expert lectures, industrial visits, seminars, workshops, technical activities, project competitions, sports, and diverse co-curricular initiatives.

Our consistent pursuit of excellence is reflected in our remarkable progress, with an All India ranking improvement from 94th in 2019 to 17th in 2024, along with a prestigious 'AAA' rating by Careers360. The institute is accredited with NAAC 'A' Grade, and our B.Tech (ECE, Mechanical Engineering) and MBA programs are NBA accredited, ensuring adherence to national standards.

A significant milestone is the grant of Autonomous status by UGC and notification by MDU, Rohtak for ten years, enabling greater academic innovation and flexibility.

These achievements embody the collective efforts of our faculty, students, management, and staff. I extend my best wishes to all new students and encourage them to make the most of this transformative journey at GITAM.

# Vice Chairman's Desk

**Mr. Bharat Gupta**  
Vice Chairman, GGI

I am delighted to note the publication of the Information Brochure for the Academic Year 2026–27 by Ganga Institute of Technology and Management (GITAM). I commend the Director, faculty members, and staff for their sincere efforts in bringing out this document, which reflects the Institute's academic vision and future roadmap. The NBA accreditation of our B.Tech programs in Electronics & Communication Engineering, Mechanical Engineering, and the MBA program highlights GITAM's strong emphasis on Outcome Based Education, ensuring that learning outcomes are aligned with professional and industry requirements. As an Autonomous Institute, it enjoys the flexibility to design need-based and industry-relevant curricula. In addition to its regular academic programs, GITAM places special emphasis on programs designed for working professionals. These programs offer flexible learning opportunities, industry-oriented content, and skill enhancement pathways that enable professionals to upgrade their qualifications without interrupting their careers. Such initiatives reinforce GITAM's commitment to lifelong learning and professional growth. I extend my best wishes to all learners associated with GITAM and look forward to the institute continuing its journey of excellence and innovation.

# Director's Desk

**Prof. Aman Aggarwal**  
Director, GITAM

Academic performance and placements remain key indicators of institutional excellence, and GITAM stands among the leading institutes affiliated with M.D. University. During the last academic year, nearly 1,000 students' secured University Merit positions, including 30 first ranks, while 15 students were awarded Gold Medals at the M.D. University Convocation, which reflect academic rigor and faculty commitment.

Our robust placement ecosystem is endorsed by the visit of 350+ recruiters and active collaboration with over 300 companies for training and placements. Students are placed in reputed multinational companies and public sector undertakings.

To meet evolving industry needs, GITAM offers B.Tech Honors, Specializations, and Minor Degree programs in emerging technologies such as AI, ML, Data Science, Cyber Security, and IoT. The Institute enjoys a diverse and vibrant campus environment, with students from across India and abroad.

Accredited with NAAC 'A' Grade, NBA Accreditation, and Autonomous status, GITAM ensures contemporary curricula and innovative pedagogy. We are committed to shaping confident, skilled, and industry-ready professionals.

Join GITAM and take a decisive step toward a successful future.

## GITAM A RENOWNED NAME IN ACADEMICS AND PLACEMENTS

### VISION

GITAM aims to be an outstanding Institute in India through academic excellence in the field of Technology and Management to fulfill the need of the Industry and serve the society.

### MISSION

- ◆ To provide healthy environment to our students as well as faculty members.
- ◆ To achieve excellence in technical education.
- ◆ To promote holistic development of students through interaction with alumni, academia, Industry and expert lectures.
- ◆ To attract nurture and retain the best faculty and technical manpower.
- ◆ To contribute to the society by inculcating professional ethics in the students.
- ◆ To promote research and development Initiatives.

### QUALITY POLICY

GITAM is committed to be a learning organization which shall not rest on its achievements and shall upgrade itself in terms of knowledge, attitude and skills for the overall development of its students and staff.

## VISION AND MISSION

### DEPTT. OF COMPUTER SCIENCE AND ENGINEERING

### VISION

To be an acknowledged Center of Excellence in the field of Computer Science and Engineering, and to produce professionally competent research oriented & socially sensitive IT professionals.

### MISSION

- ◆ To produce competent researchers by imparting high quality learning at PG & UG level in the field of Computer Science and Engineering.
- ◆ To produce socially sensitive professionals by imparting ethical and value based education.
- ◆ To produce technically competent professionals by providing training through dedicated and competent faculty.
- ◆ To promote innovation in Computer Science and Engineering field to serve the need of industry and society.

## DEPTT. OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

### VISION

To be a recognized Center of Excellence in the field of Artificial Intelligence and Machine Learning & to produce professionally competent, research-oriented, innovative & socially responsible AI professionals.

### MISSION

- To develop competent researchers and professionals in the field of Artificial Intelligence and Machine Learning through high-quality education and experiential learning.
- To nurture socially responsible AI professionals by promoting ethical practices, human values and responsible use of intelligent technologies.
- To provide strong theoretical foundations and hands-on training in AI & ML through dedicated and competent faculty with state-of-the-art infrastructure.
- To promote innovation, interdisciplinary research & entrepreneurship in Artificial Intelligence to address the needs of industry and society.

## DEPTT. OF DATA SCIENCE

### VISION

To be a recognized Center of Excellence in the field of Data Science and to produce professionally competent, research-oriented, and socially responsible data science professionals.

### MISSION

- To develop competent researchers and professionals in the field of Data Science through high-quality education and experiential learning.
- To foster ethical and value-based decision-making in data-driven solutions for societal and industrial challenges.
- To develop technically proficient professionals through continuous learning and mentorship by experienced faculty.
- To encourage innovation, research, and interdisciplinary collaboration in Data Science to serve the dynamic needs of industry and society.

## DEPTT. OF CIVIL ENGINEERING

### VISION

To be an extensive branch devoted to give high end research and technical education in Civil engineering which will create socially aware professionals to provide solutions to global community.

### MISSION

- To maintain the intellectually challenging yet supportive & welcoming environment that encourages & enables our students, faculty and staff to achieve their best in a diverse community.
- To develop graduates to compete at global level.
- To impart soft skills, leadership qualities & professional ethics among graduates to handle projects independently.
- To enhance research & result in solving problems related to civil engineering infrastructure as well as society at large.

## DEPTT. OF ELECTRONICS & COMMUNICATION ENGINEERING

### VISION

To be a renowned center of learning in the field of Electronics and Communication Engineering, delivering holistic, outcome-based education that fulfills the expectations of industry and society.

### MISSION

- To achieve excellence in education by providing advanced learning facilities and fostering a conducive environment for overall growth.
- To impart skill-based education with competent, experienced faculty, striving to develop professional competencies in students.
- To prepare students to address industrial and societal challenges by instilling professional ethics, values and a commitment to lifelong learning.
- To promote research and innovation among students through project competitions and various research activities both on and off-campus.

## DEPTT. OF ELECTRICAL ENGINEERING

### VISION

To become a center of excellence that is capable of developing technically competent technocrats with high moral values in the field of electrical engineering

### MISSION

- To nurture the student for a successful career in electrical engineering and relevant fields.
- To conduct expert lectures from academia/ industry, in house seminar, GD & PDP, visits to exhibitions, power plants and industry for holistic development of the students.
- To promote professional engineering principles, including ethics and responsiveness to energy saving, health, safety and environmental issues.
- To pursue research and development in the area of electrical engineering and allied fields.

## DEPTT. OF MECHANICAL ENGINEERING

### VISION

To become a center of excellence in the field of Mechanical Engineering, committed to address societal challenges and evolving needs of industry.

### MISSION

- To achieve excellence in mechanical engineering by providing outcome-based education and a healthy learning environment.
- To enhance the student's technical & entrepreneurial skills by providing advanced learning facilities and co-curricular activities.
- To inculcate professional ethics, leadership qualities, moral and social values among students through interaction with alumni and experts from industry and academia.
- To encourage students to research & innovate through project works, workshops, conferences, training sessions etc.

## DEPTT. OF FIRE TECHNOLOGY & SAFETY

### VISION

To become a centre of excellence in the field of Fire Technology & Safety engineering through advanced education, training & research to cater the needs of industries & make the nation safe.

### MISSION

- To nurture the students for a successful career in fire protection, safety, occupational health and environment, disaster management through quality training and education.
- To conduct expert lectures from industry/academia/field, PDP sessions, group discussions, visits to exhibitions, industrial visits and awareness camps etc. for the holistic development of the students.
- To provide healthy environment of learning in which students and faculties acquire knowledge in the area of fire protection, safety and disaster management to apply it professionally with due consideration for ethical, human life and property safety issues.
- To promote fire and safety culture through various awareness programmes for reducing accidents and production loss to make the society safe.
- To pursue research and developments in the area of fire, safety engineering, disaster management, environmental management and risk assessment.

## DEPTT. OF APPLIED SCIENCE & HUMANITIES

### VISION

To prepare first year students in the field of Applied Science & Humanities to become socially responsible citizens to thrive and contribute to an ever-changing global society.

### MISSION

- To develop a strong scientific foundation through fundamental principles of Physics, Chemistry and Mathematics to pursue a successful engineering career.
- To make the students capable to solve problems of scientific and social interests by applying techniques of critical analysis.
- To improve the proficiency in communication & presentation skills by PDP Sessions & Outreach Activities.
- To integrate human values & social concerns by conducting co-curricular and extra - curricular activities.

## DEPTT. OF BUSINESS STUDIES (BBA)

### VISION

To become a nationally recognized center for academic excellence by nurturing business skills and potential through expert guidance and comprehensive exposure.

### MISSION

- To provide a holistic academic environment.
- To create the awareness about social responsibilities & ethical values for management professionals.
- To enhance management capabilities & employability through continuous interaction with academicians, experts, industrialists and research activities.
- To incubate the skills of decision making, team work, communication and leadership among the students through various activities.

## DEPTT. OF MANAGEMENT STUDIES (MBA)

### VISION

To be a leading center of academic excellence in the field of management, known for responsiveness to industry needs and positive societal impact.

### MISSION

- To impart quality education by providing advanced facilities and a healthy work environment.
- To develop students' entrepreneurial and managerial skills through interaction with alumni and industry experts.
- To equip students with an innovative and global mindset for the needs of Industry and society by inculcating professional ethics.
- To develop students' research abilities and skills through devising innovative teaching-learning methodologies.

## DEPTT. OF COMPUTER SC. & APPLICATIONS (BCA)

### VISION

To emerge as a centre of excellence in computer science & applications by imparting quality education, fostering innovation & research & producing industry-ready, socially responsible & ethically grounded computing professionals capable of addressing contemporary technological challenges.

### MISSION

- To deliver a robust and flexible curriculum aligned with NEP-2020, integrating core computing concepts, skill enhancement, multidisciplinary learning, and emerging technologies such as Artificial Intelligence, Machine Learning, Data Science and Generative AI.
- To emphasize experiential learning through laboratories, internships, projects, capstone work, industrial visits and research-oriented activities, ensuring strong industry and societal relevance.
- To nurture analytical thinking, problem-solving ability, innovation and entrepreneurship by promoting design thinking, startup ecosystem awareness and hands-on project development.
- To inculcate professional ethics, communication skills, leadership qualities and social responsibility through value-added courses, community engagement, and holistic development initiatives.
- To encourage research aptitude and lifelong learning, enabling students to pursue higher education, research and continuous professional growth in a rapidly evolving digital world.

## DEPTT. OF MASTER IN COMPUTER SCIENCE AND APPLICATIONS (MCA)

### VISION

To achieve excellence in Computer applications field through quality Education, research & training and to make the students capable to cater to the needs of society and industries.

### MISSION

- To nurture students for successful careers in industry and academia through the outcome-Based Education (OBE).
- To provide a teaching environment that emphasized depth, originality and critical thinking by conducting expert lectures and industrial visits.
- To educate students to be successful, ethical and effective problem-solvers through extra curricular activities.
- To pursue research and development in the area of computer science and applications and promote higher study.

# TRAINING & PLACEMENTS

The Training and Placement cell functions through its separate office with state-of-the-art facilities for conducting pre-placement talks, written tests, group discussions and interviews. The team is divided into two groups; one grooms the personality of the students and other takes care of placement activities. We have a strong Alumni Network which helps in placements. The Training and Placement cell has steadily progressed over the years in enhancing the placement potential effectively. Students also got selected in various multinational companies and government sectors through off-campus placement drives. The College maintains a help desk for students seeking information on the upcoming prospective companies for placement. Latest information from the corporate world is also provided to the aspiring students time to time.

## JOB FAIR & TOP COMPANIES

Organizing regular Job Fairs every year at GITAM Campus is another area where management takes keen interest to facilitate prospective candidates in getting suitable job opportunities as per their abilities, experience and academic background. On the spot job offers are made to the students. GITAM, because of its industry linkages and strategic location is an ideal place for companies to come and participate in the job fair within the college campus.

# ENTREPRENEURSHIP DEVELOPMENT PROGRAMMES

30 Days "Entrepreneurship Development Programme for Women" in collaboration with HARDICON Limited (Joint Venture of IFCI Ltd., SIDBI, SBI, PSU Banks & State Financial Corporations). 3 Days "Entrepreneurship Awareness Camp" in association with Department of Science & Technology, Govt. of India, MSME and HARDICON Limited. 5 Days "Management Development Programme" based on Digital Marketing conducted by MSME, Karnal Haryana.

## SOCIAL EVENTS

The Institute conducts various social events like Blood Donation Camps, Tree Plantation Drives, Ganga Swachhata Abhiyan, Awareness Programmes on Beti Bachao-Beti Padhao, Energy Conservation and Effects of Mobile Radiations etc. It also provides the students a platform to showcase their creative skills and literary skills.

# EXPERT LECTURES

In addition to academic knowledge being imparted in the classroom lectures, GITAM gives additional inputs in the form of expert lectures. These lectures are organized for each department. The students and faculty get an opportunity to interact with the industry and academia. Faculty Development Programmes in association with NITTTR, Chandigarh are conducted bi-annually.

# FACULTY DEVELOPMENT PROGRAMMES

In addition to regular academic activities, GITAM actively promotes professional growth through Faculty Development Programmes (FDPs). These programmes are organized to enhance the teaching, research, technical competencies of faculty members. The FDPs provide a platform for interaction with eminent academicians, industry experts, researchers, enabling faculty to update their knowledge in emerging technologies and innovative pedagogical practices. Faculty Development Programmes are conducted periodically, including bi-annual programmes in association with reputed institutions to ensure continuous professional advancement and academic excellence.

# INDUSTRIAL VISITS

Industrial visits are a part of curricula to acquaint the students about latest technologies and bridge the gap between theory and real working world.
